

Congratulations you're getting married!!!

The most important day of your life is not far away and we at Ink Spot want to help make your stationery as memorable as your dress, flowers and cake.

We can make it possible to have something personal whether your wedding be large or small.

Inside this booklet is a sneak preview of some of the designs we have designed and produced inhouse ranging from the contemporary to the traditional.

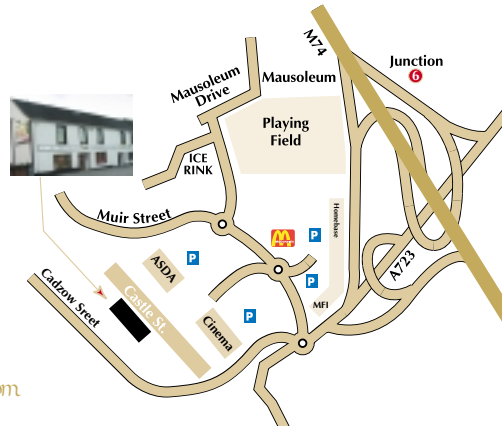

So join us in our comfortable surroundings and take a browse through the vast selection of albums we have on offer. And if you have an exclusive look in mind, please do not hesitate to speak to us and we will try our best to accommodate your ideas.

Good luck!
